A new way to activate your digital content on myCECZone

Making back-to-school so much easier!

You are an elementary rotary teacher.
You teach different classes and grades.

Activate your digital content in three easy steps:

- Step 1: Activation
- Step 2: Validation
- Step 3: Creating a student group

Step 1: Activation

On your bookshelf page, click the "**+**" to add the digital content that comes with your CEC collection.

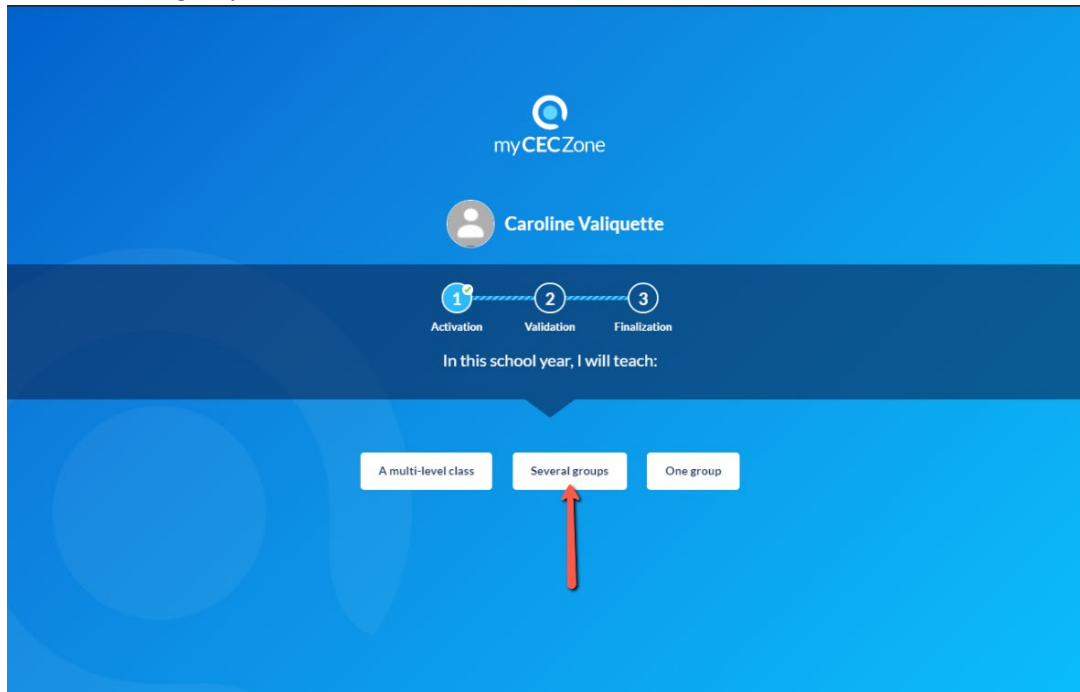

Note: If you activate a code for a 1-year web access Student Module (Pack of 30 copies) that doesn't include access to the Teacher's Resource Guide, you must already have this Teacher's Resource Guide in your bookshelf.

Enter the eight-letter activation code for your CEC collection that was sent to you by email.
Then click "Submit."

Click "Several groups."

Step 2: Validation

This page shows an overview of the digital content for your CEC collection that will be added to your bookshelf.
Click "Continue."

Note: Depending on the type of purchase, this step will display the digital content that comes with your CEC collection or the memory aid for the new activation procedure that will help you create your group.

Read the terms and conditions, check the "Accept" box and click "Continue."

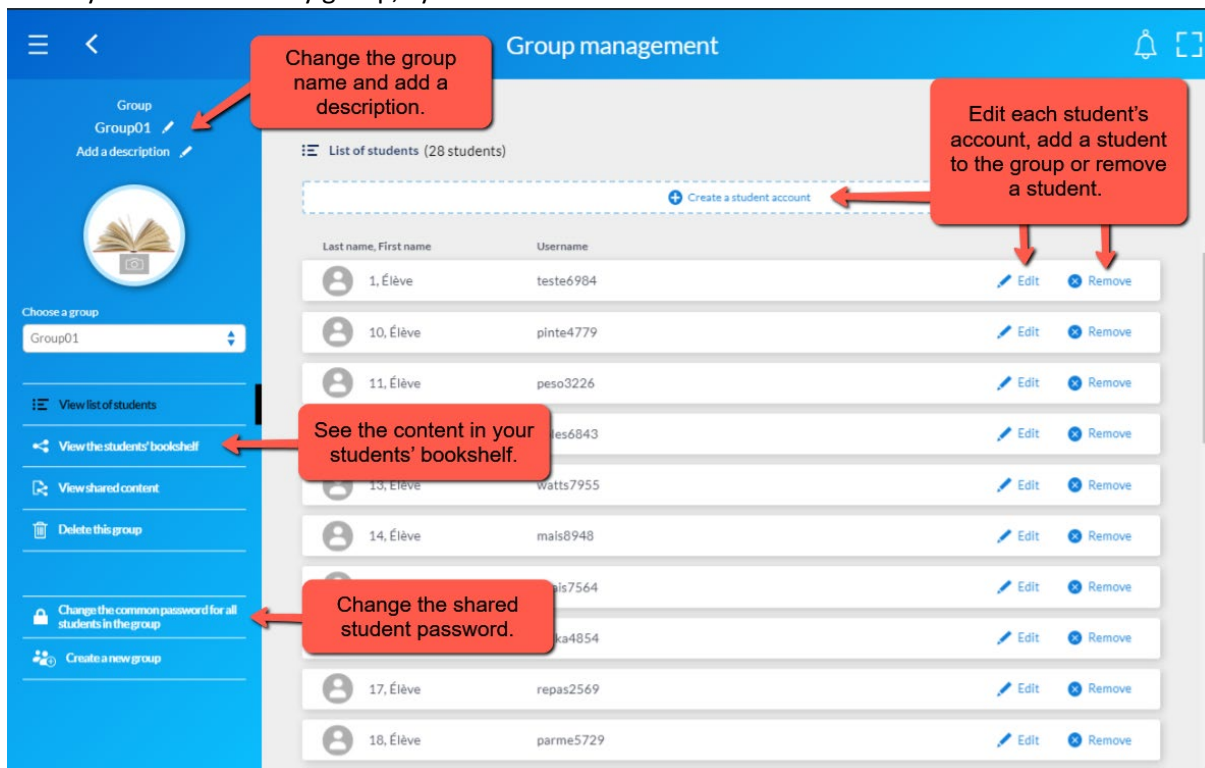

Step 3: Creating a group

- Enter the name for your first group of students.
- Enter the common password (at least eight characters including at least one number) that all the students in this group will share.
- Select the number of students in this group this year.
- Clique Click "Create."

This is the confirmation you will see when your group has been created.

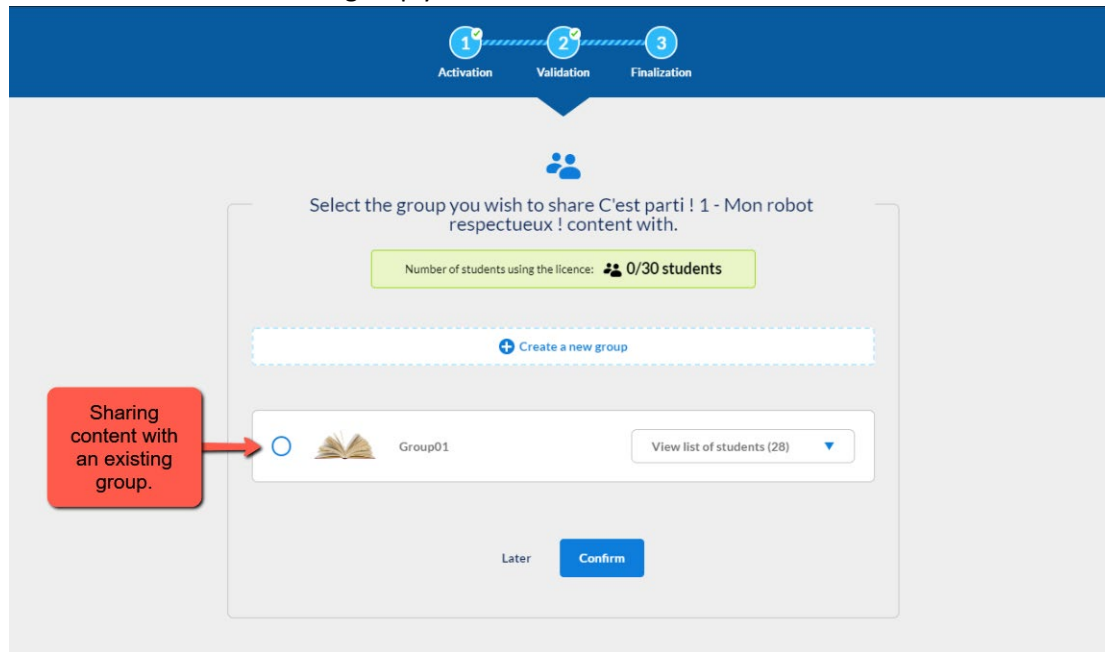

When you click "Go to my group," you will be able to:

You can also get to this page from the "Group management" tab.

If you want to activate another CEC collection for the group you just created:

- Click the "+" in the upper right-hand corner of the bookshelf home page.
- Enter the activation code for the other CEC collection.
- Choose the student group you created and click "Confirm."

If you want to activate another CEC collection for a student group that hasn't been created yet:

- Click the "+" in the upper right-hand corner of the bookshelf page.
- Enter the activation code for the other CEC collection.
- Click "Create a new group."

If you click "Later" on this page while creating a group, you can come back to this step by clicking "Group creation" on your bookshelf page.
